

Validation Data

Immobilized Human ACE2,His Tag at 5µg/ml (100µl/Well). Dose response curve for SARS-COV-2 Spike S,hFc Tag with the EC₅₀ of 0.9µg/ml determined by ELISA.

Recombinant SARS-COV-2 Spike S1+S2 ECD (S-ECD) Protein was determined by Tris-Bis PAGE under reducing conditions.

The purity of SARS-COV-2 Spike S is greater than 95% as determined by SEC-HPLC.
